I'm still not completely sure. And do I pay again just to get my results? I will say that the staff there is very friendly and I liked the dentist a lot.

Since I go to your office, very little is covered by insurance, but I feel it is worth it.

who will do this when she chooses to retire.

about a 10 minute wait, partly because I was unable to print my completed paperwork that I only had electronically (my fault), and I had to recomplete the paperwork. Tech was very friendly, felt like doc did a good job making sure all my questions were answered, and went above and beyond making me comfortable to ask questions since I have a tendency to agree to whatever a doctor says and not ask questions.

"Dental office" AND "inviting" never went hand in hand in my mind, until I visited Periodontal Associates. My appointment was for a consultation ONLY, as I was terrified to do anything else. However, after Colleen made me feel so comfortable, coupled with Dr. VanAelst's thorough explanation of the procedure, I went ahead and had the surgery. I was a complete baby (at 30 years of age), but they even handled that well!!! ENOUGH SAID! Everyone here was great! This office is exemplary on all levels!

May 3, 2013

★★★★★ *"The staff is very pleasant"* — **Jeanne H.** (Patient since 2005)

The staff is very pleasant. With that said, I was not aware that my visit would be any more than a consultation to see what, if any, treatment would be necessary. I was NOT expecting to be charged \$109. The x-ray taken did not seem necessary since Dr. Belton's office sent the x-rays taken @ 6 weeks prior. I still do not know why the abutment fractured and what options I have should the crown fall off again. Having paid \$4,000 to Dr. Kluff for the implants I never expected to need treatment again and I fully expect Dr. Van Aelst to honor and remediate any further treatment on the implants without further cost to me. I do not understand how the implant could fail after only 5 years. I never would have agreed to this treatment had I known the faulty quality of the materials and the lack of action or interest to find a solution.

After having been Dr. Kluffs patience I was used to a high level of service and competence. I had some reservation about a new doctor. That being said, Dr. Van Aelst has every bit as much chair side manner, and clearly is very good at his craft. Thank you to all of you.

★★★★★ *"Pleasantness in an unpleasant situation" — David V. (Patient since 2010)*

Lets face it. Like me most Americans would sooner lose a loved one than have their mouth drilled. Ok maybe that's a little extreme but you get the point. My personal dislike of dental hygiene visits is what got me to the point that in needed to see a periodontist. All Incan say is that these folks made me feel very calm and comfortable. They completed my services with precision and professionalism. I have chosen to make their hygienists my regular maintenance choice because they are simply THAT GOOD. Dental phobia is gone and I would reccomend this office to anyone.

I understand the fee was also \$126 my last visit, however I was surprised when it was not \$110 this time. I did not have x-rays, nor did I meet the dentist. I believe a general pricing sheet would be helpful, so patients know what to expect - particularly with a change of the key personnel, the dentist. I am not a dental professional, therefore am not qualified to recommend.

★★★★★ "My appointment was for a cleaning as I was to see..." — **Karen P.** (Patient since 1999)

My appointment was for a cleaning as I was to see my dentist the following day for a check-up & x-rays. After my dentist examined my teeth, he said, she needs a good cleaning of her teeth, to which I responded, My teeth were cleaned yesterday! My dentist replied, they were? He said that the areas that were not cleaned thoroughly would show on the x-rays (a copy which would be sent to Dr. Klufft's office). I am just surprised at this as I always have my teeth cleaned by Dr. Klufft's hygienist knowing that I am getting the very best cleaning. I was five minutes late in arriving to Dr. Klufft's office..could it be that there wasn't time enough to give me a thorough cleaning? My dentist should have seen my teeth BEFORE they were cleaned!! If the five minutes kept me from having a thorough cleaning, I would've liked to have known that as I would've gladly come back to have the cleaning finished. I appreciate being able to give you this feedback.
